FOUR SUITS STOLEN

THIEF TAKES FANCY FOR BERMAN'S POPULAR MADE CLOTHES

Wednesday evening at about 5:30 Mrs. Delonco was alone in the Glendale Dye Works, 122 North Brand Boulevard. when a stranger entered and asked to use the lavatory in the toilet. She gave him permission and he went on back, staying quite awhile. As he went out she noticed he glanced searchingly around, noting the position of safe and cash register as well as garments. As an attempt had been made a few nights previous to enter the place, the miscreant leaving a jimmy and overcoat by the smashed window and screen he had attempted to pry open, she was suspicious of the man's actions, so went to the door and watched him. He sauntered south to the corner, where he interrogated J. L. Taylor, the Monarch Co.'s vulcanizer, as to whether or not the street cars stopped at that corner. Mr. Taylor said he was very insistent in his questions, desiring to be very sure he could board the car there. Later, Mrs. Delonco saw the man going north on Brand past the First National Bank. She then closed and locked the door after going back through all the rooms to be sure everything was all right. She noticed that both the window and screen of the toilet room had been opened and left that way evidently by this man, as no one else had been in the building, so she closed and fastened them. As she was waiting at the corner to board a car for Los Angeles she saw a pile of suits, each one on a hanging rack, laid across Mr. Clayton's advertising blackboard. She at once suspicioned that they had been stolen from the dye works, so she telephoned for the police and then went to examine the suits. She found that one bore the name of C. L. Booth, another that of H. L. Miller and the two others had S. Berman's name on them and one of them his Elk pin. By this time Officers McGuire and Trautwein had arrived and the man whom Mrs. Delonco had noted in so many suspicious actions and who was standing near, was interrogated. He gave the name of Glasscock and said he lived in Burbank. He professed innosence of the crime but was taken into custody and locked up. He will be arraigned this afternoon or tomorrow and given a chance to prove his innocense. The four suits found in his possession were taken from S. Berman's tailor shop, 122 N. Brand Boulevard.

FOR AMERICAN LEGION

IT IS FOR THEM TO SEE TO IT THAT HELPLESS COMRADES GET JUSTICE

Rev. A. M. Salyer, formerly pastor of the Alvarado Street Christian Church but now engaged in reclamation work under the auspices of the Y. M. C. A., made a short speech at a recent meeting at Central Christian Church, which opened the eyes of his hearers. He spoke of the many cases of rank injustice being done to boys who but little more than a year ago were bravely facing death in the Argonne Forest or elsewhere on the battle front. He and his fellow workers had been privileged recently to help right the wrongs done some of these brave boys but he feared that many had suffered grievous injustice in silence. He told of the determined efforts of certain police officers in Los Angeles to fasten upon a young service man working for a produce house a crime of which he was absolutely innocent. It took the persistent effort and good offices of his employers and the Reclamation Bureau to save him from his persecutors. Another case which had so angered him was that of a young aviator who had had both legs broken and had suffered other serious injuries, all of which had been X-ray photographed and recorded. This young man, waiting for the pension he had been promised immediately, received instead a stiff curt note, demanding proofs that he had been wounded. Dozens of cases like this in which grossest injustice and insulting treatment by government officials had goaded service men to madness had come under the observation of Rev. Salyer and his fellow workers and he said he was not surprised at the spread of Bolshevism in the land. Many employers utterly failed to redeem the promises made of re-employment after the war was ended and this also had its effect.

We believe the American Legion will take up this matter, probe cases of injustice to the bottom and insist on these wrongs being speedily righted. We owe too much to our brave service men to allow them to be wronged, either by employers or incompetent government officials.

CHRISTMAS LIBATION

GLENDALE COMMANDERY KNIGHTS TEMPLAR OBSERVES ANNUAL CEREMONY

The Glendale Commandery. Knights Templar, as usual observed the Christmas Libation, an annual ceremonial held by Knights Templar all over the world at the same hour, regardless of the changes in time. Washington, D. C., which is regarded as the central point, celebrated at noon. The ceremonial here came at the hour of 9 a. m., Pacific time. In some places the hour called for was 2 a. m., but the gathering took place just the same.

The Knights, at the summons of Commander David Crofton, gathered around an immense cross made of tables decorated with the appropriate colors, and on the tables were glasses of water. Following was the order of exercises:

Prayer by Prelate Oscar Von Oven

"America," sung by the Commandery.

Reading of the orders by Recorder C. C. Rittenhouse.

Toast to the Most Excellent Grand Master, James Kyle Orr, by Sir Roy V. Hogue.

Response by Sir Percy Priaulx.

Reading of Christmas poem, "The Empty Stocking," by Past Commander Sir Charles Luther Peckham.

Address by Past Grand Commander of the State of Indiana, Charles R. Day.

Toast to Glendale Commandery No. 53 by Past Commander Mattison Boyd Jones.

Toast to our absent and departed Knights by Commander Crofton.

Benediction by Prelate Oscar Von Oven.

Immediately after being dismissed the executive committee held a meeting to perfect arrangements for the New Year's watch party and jinks, at which members of the Glen Eyrie Chapter of the Eastern Star will be guests of the Knights. This will be quite an elaborate function, and of course an invitation affair.

THE GLENDALE FLOAT

FOUNDATION NOW BEING CONSTRUCTED AT STATION NO. 1 BY FIRE LADDIES

The glint of fresh lumber showing through the open doorways of Fire Station No. 1 on East Broadway and the sound of saws and hammers advertised Wednesday afternoon that something was doing and when the discovery was made that one of the city autos was being framed in a big platform, the most stupid beholder could at once guess that preparations were beginning for the float with which Glendale hopes to capture the prize at the Tournament of Roses in Pasadena next Thursday. The work is all being done by city employes who have undertaken the task with the greatest enthusiasm. An exceedingly original design which will very suitably represent Glendale and its situation has been prepared by a member of the city's staff and if the float duplicates the preliminary sketch will be a close competitor in the winning list. The committee chairman says that lots of flowers will be wanted and he is asking for donations from the private gardens of Glendale. Red, white and green are especially desired, but all sorts will be used, and any who is a booster for Glendale and who has a generous heart as well as a productive flower garden will be welcome at Fire Station No. 1 if he comes with floral donations. Donors are asked to bring them Wednesday the 31st to the Fire Station at 303 East Broadway.

(Special Service to Glendale Evening News)

It will be January first before the tribunal gets down to hard work. GUIDE PAYS VISIT

FAITHFUL TRACKER COMES LONG DISTANCE TO SEE GRATEFUL PATRONS

Readers of the Evening News will remember the narrative last spring of adventures enjoyed in a months' visit to Mount Lassen and vicinity by Dr. T. C. Young and A .L. Baird and their wives. All acknowledged the debt they owed to their Indian guide, whose services they had engaged in advance and whom they found waiting, with team, wagon and full outfit when they arrived at Chester. He knows the region around Mounts Lassen and Harkness like a book and to him the wonders of Boiling Lake, the Devil's Kitchen and other marvels of that magic country are as household words. Mr. Baird and Dr. Young were so moved by his faithfulness that on parting with him they urged him to visit them in Glendale when the season was over. They hardly expected him to accept, as he had never visited a city, preferring the wild free life of the open that was his heritage from countless generations. But he had become so warmly attached to his kindly patrons that he decided to accept the invitation. So leaving his mother-

COLE FAMILIES GET TOGETHER

Rev. Clifford A., John D., and Forrest Cole, with their families, spent Christmas day with the men's parents, B. O. Cole and wife, in Boyle Heights, Los Angeles. There were 17 present, including Ben, who was out with the 91st, and Lawrence, recently returned from navy service. The only member of the family absent was a daughter, Mrs. Williamson, who lives in Chico.

MRS PORTER VERY ILL

Mrs. Sophia C. Porter of 405 East Harvard Street, who was taken sick Tuesday morning, is very ill of double pneumonia and but little hope of her recovery is entertained, as she is 83 years of age, and her powers of recuperation therefore impaired. At her bedside are her devoted daughter, Miss Callie Porter, her son and daughter-in-law, Mr. and Mrs. Ned Porter of Riverside. Another son, Lamont Porter of Chicago, has been telegraphed and will probably come.

CHRISTMAS FOR NEEDY

GLENDALE WELFARE COUNCIL AND ALLIED AGENCIES REMEMBER MANY FAMILIES

The Glendale Welfare Council, recently formed by representatives of fifteen organizations, feels greatly encouraged by the efficient and successful distribution of Christmas donations to the needy of Glendale. Children of the public schools and Sunday schools and many private individuals made generous donations of food, clothing, toys, etc., and a number of kindly people sent sums of money ranging in sums from $4 to $10 for the relief of the needy.

Representatives of the various organizations composing the Council were busy all the week packing boxes for distribution, and when Mrs. E. D. Yard, who had stayed by the job until twilight of Christmas Eve turned the key in the door, it was supposed that the task was done, but another case was reported and even then another box was packed and sent to its destination that night. For the distribution of these Christmas remembrances the Council was indebted to the Masons and to the Saturday Afternoon Club, these organizations placing automobiles at the disposal of the committee. The Glendale Sanitarium also furnished a truck to aid in the distribution. Besides these helps, a number of private individuals offered personal service and machines. Clothing and bedding was distributed in considerable quantities and more remains on the shelves. As this goes out it will be replaced by new supplies, the materials for which have been purchased and will be made up as needed. The work was done in the room at the rear of the Red Cross Shop on Brand Boulevard, which was donated for the purpose.

Besides the baskets and boxes sent out by the Council, the Good Templars and the First Methodist Church reported a number of baskets privately distributed, thus making a clearing house of the Council to prevent duplication. All told, about forty boxes and baskets were distributed by the Council and the other agencies mentioned.

Just before the ceremony, Miss Eva Bradway of Hollywood, accompanied by Mrs. Webb, sang "Calm as the Night." While Miss Katherine Sissons played Mendelssohn's wedding march, the groom appeared, accompanied by Mr. Wilbur Lee, a brother of the bride. The bride, carrying a shower bouquet of brides roses, and accompanied by her cousin, Miss Genevieve Gannaway of Spokane, who carried a bouquet of American Beauty roses, joined the groom and were pronounced man and wife by Rev. TWO COMIC SONGS AND MANY DANCES

Irving Kaufman sings as a solo Berlin's comic hit, "You'd Be Surprised," and, together with his brother Jack, "Just Leave It To Me," for Columbia Records this month. The singing of the Kaufman brothers is well known to the music-loving public, and these songs are worthy of their reputation.

Prince's Dance Orchestra plays "Only," a fox-trot, and the Waldorf-Astoria Dance Orchestra under the direction of Joseph Knecht plays the "Chinese Lullaby," fox-trot from "East Is West," the success of two seasons at the Astor Theatre, New York.

Prince's Dance Orchestra also plays "The Hand That Rocked My Cradle Rules My Heart," a medley fox-trot, and "Whoa, January," a medley one-step. Columbia Records are especially rich in dance music this month.

WEATHER FORECAST: Fair tonight and Saturday. Cooler.

GUIDE PAYS VISIT

(Continued from Page 1)

less children in the faithful care of his sister, Reuben Gould early last week made his way through the two feet of snow shrouding Lassen's slopes to the nearest railroad station and embarked on his first trip into the midst of civilization and modern culture. It was his first ride on a railroad train, but his Indian stoicism and shrewd good sense carried him through every difficulty. His letter to Mr. Baird announcing his coming was delayed in the mails, so no one met him on his arrival in Los Angeles. He had never before seen a street car, but he boarded one on leaving the train and not knowing where Glendale was located, he rode to the end of the line. Starting to walk back he inquired of people he met where Glendale was. He was given vague directions by some and others professed ignorance. Finally a kindly old man sent his son with his auto to take the bewildered wanderer to his destination. Mr. Baird had meantime received the delayed letter and was much concerned about his expected guest, so was greatly relieved at seeing him. And considerably astonished, also, for, instead of the roughly dressed, familiar figure of the faithful comrade of his wanderings, he saw a neatly dressed, quiet and genteel appearing man, who with his forest outfit had shed his rough frontier dialect and talked as correctly as a college professor; for Reuben Gould, though only an Indian guide, is a man of education and one of nature's noblemen. He has at his command an almost inexhaustible fund of stories of wilderness life and adventure and is a most interesting companion. Needless to say, Mr. Baird and Dr. Young are making his visit an exceedingly pleasant one.

CHRISTMAS WEDDING

EMMA ESTERLY UNITED TO THOMAS C. McMILLAN, AN EX-SERVICE MAN

Christmas Day was a holiday of more than usual importance in the home of Mr. and Mrs. John Esterly, former residents of Glendale but now living at 1125 West 36th street. Not only were the members of the Esterly family together for the first Christmas in several years, but a new member was welcomed into the circle by marriage. At eleven o'clock on Christmas morning Miss Emma Esterly, daughter of the house, became the bride of Thomas C. McMillan, an ex-service man who has lived in Southern California ever since his discharge from the army but who has heretofore claimed Kansas, where his parents reside, as his home. The romance began when the young people met about nine months ago at a box social held at the Esterly home.

Rev. J. W. Ball, pastor of St. Mark's, was the officiating clergyman. The bride was beautifully gowned in white Georgette crepe, pearl trimmed, and carried bride roses. She was attended by her sister, Helen Esterly, gowned in old rose pink silk draped with blue. The groom had the support of Fred Bowman as best man and the ceremony took place beneath an arch of mistletoe and holly, the Christmas colors dominating the entire scheme of decoration for the event.

Following the ceremony a big Christmas dinner was served of which roast turkey was the foundation, though the wedding cakes had the place of honor. Covers were laid for Mr. and Mrs. McMillan, Mr. and Mrs. John Esterly, Mr. and Mrs. A. J. Esterly and children, John, Anna and Mae, Mr. and Mrs. W. W. Esterly, Helen Esterly, Mrs. Warwick, aunt of the groom, Rev. J. W. Ball of Los Angeles, Mr. and Mrs. William Bowman, Fred Bowman, Alfred Bowman, Florence Johnson, Mary Louise Hand, Charles Moore and Selma Eger, all of Glendale, and Alfred Holzen of Long Beach.

A reception for Mr. and Mrs. Mc Millan will be given this evening at the home of Mr. and Mrs. A. J. Esterly in this city and on Sunday the same host and hostess will entertain them at dinner together with the members of the Esterly and Bowman families.

Mr. McMillan is connected with the Lucas Drug Store on Vermont Ave., Los Angeles and he and his bride will make their home in that city. They were the recipients of many beautiful gifts of silver, cut glass, china and other objects of use and beauty.

HEWITT--WALLACE

CHURCH WEDDING OF TWO POPULAR YOUNG PEOPLE ON CHRISTMAS DAY

One of the prettiest weddings which has ever been solemnized at the Central Avenue Methodist church took place Christmas night at six o'clock in a beautiful setting of palms, ferns, smilax and pink carnations with which the auditorium had been decorated by loving friends of the popular bride and groom. The contracting parties were Miss Marjorie Wallace, daughter of Mr. and Mrs. James Wallace, and George W. Hewitt, son of Mr. and Mrs. William Hewitt of this city. Rev. Marion Smith, pastor of the church, who had been a college classmate of the groom, was the officiating clergyman, using the ring ceremony. About 150 witnesses were present.

The bride, who was dressed in a white wedding gown and bridal veil, was given away by her father. Her sister, Miss Norma Wallace, was maid of honor, and attending bridesmaids were Miss Dora Hewitt, sister of the groom, and Miss Mildred Williams, the little sister of Miss Williams preceding the party as flower girl. The groom was attended by his brother, Albert Hewitt, as best man, Rutherford Wallace, brother of the bride, and Robert Vivian of Bakersfield, a close friend of the groom, acting as ushers.

Preceding the ceremony a piano number was played by Miss Enid Deeds, and there were two vocal numbers, Miss Emily Kopp singing "At Dawning," and J. Burgess singing "Because." The wedding march was beautifully played upon the harp by Miss Andrews of Los Angeles.

Following the ceremony the bridal party repaired to the home of the bride's parents on Brand Boulevard, where a wedding reception was held and a wedding supper served, after which Mr. and Mrs. Hewitt left for a brief honeymoon trip. The groom is a teacher in the High School at Bakersfield, where he and his bride will make their home. They are exceedingly popular young people and have a large circle of friends in the southern part of the city, particularly in the Central Avenue Methodist Church, where they will be much missed. Mr. Hewitt is an ex-service man.

PECULIAR AUTO ACCIDENT

Maung Soethein and wife of Eagle Rock drove their car into a local garage this morning showing the effects of a peculiar accident they met with Christmas day. Hemmed in by a traffic jam on First street, between Main and Los Angeles streets they were awaiting a chance to move feeling apprehensive because their machine was on one of the street car tracks.

Suddenly they were bumped into by a red car which shoved them forward against a yellow car, luckily stopping before the machine was completely crushed. As it was, the front and rear bumpers and fenders were badly smashed, but no one was hurt. Mr. Soethin came to this country from India to get an education and located in Eagle Rock to be near Occidental.

An ambulance from the Submarine Base Hospital at San Pedro came up Tuesday night for William Anderson, 126 North Louise, who had been home on a brief furlough while recovering from an attack bordering on pneumonia.

Miss Gladys Hamilton of 605 East Acacia, who teachers school in Newcastle, is home to spend the holidays, as is her brother, Don, who works in the oil fields near Taft.

ORDINANCE NO. 366

AN ORDINANCE OF THE CITY OF GLENDALE REGULATING THE REMOVAL OF CURBS, SIDEWALKS AND GUTTERS FOR THE PURPOSE OF CONSTRUCTING ENTRANCES TO DRIVEWAYS AND OTHER PURPOSES.

THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DO ORDAIN AS FOLLOWS:

Section 1. It shall be unlawful for any person, firm or corporation to remove or destroy or cause to be removed or destroyed any portion of any curb, gutter or sidewalk in the City of Glendale for the purpose of constructing entrances to driveways or any other purpose without first securing the permit and making the deposit required by this ordinance.

Section 2. Any person, firm or corporation desiring a permit to destroy or remove any portion of any curb, gutter or sidewalk for the purpose of constructing any entrance to abutting land, or for other proper and lawful purpose, shall file with the Street Superintendent an application therefor, stating in lineal feet the amount of curb to be removed, and in square feet the amount of gutter and sidewalk respectively, to be removed, and also stating the location of the curb, gutter or sidewalk to be removed or destroyed and the purpose for which the same is to be removed or destroyed. Before issuing such permit the Street Superintendent shall collect a fee of fifty (50) cents for each such permit and shall require a deposit of a sum equal to fifty-five (55) cents for each lineal foot of curb to be removed or destroyed and thirty (30) cents for each square foot of gutter to be removed or destroyed, and twenty (20) cents for each square foot of sidewalk to be removed or destroyed. Upon the filing of such application and the making of such deposit and the payment of a fee of fifty (50) cents for each permit the Street Superintendent shall issue a written permit to remove or destroy at a location to be specified therein the amount of curb, gutter or sidewalk necessary to be removed or destroyed to accomplish such proper and lawful purpose.

Section 3. The City Engineer shall immediately prepare and maintain on file in his office standard specifications for the construction of driveway entrances, which specification shall be approved by the Board of Trustees before being applicable to any work herein referred to.

Section 4. It shall be unlawful for any person, firm or corporation destroying or removing or causing to be destroyed or removed, any curb, gutter or sidewalk, to fail, refuse or neglect for a period of thirty (30) days after written notice from the Street Superintendent so to do, to construct or cause to be constructed in place thereof either an entrance to a driveway or other proper entrance in accordance with the specifications therefor mentioned in Section 3 hereof, or a curb, gutter or sidewalk of the same quality and appearance as the one removed or destroyed, which curb, gutter or sidewalk when constructed shall conform to specifications therefor adopted by said Board of Trustees.

Section 5. Upon completion of such construction or reconstruction to the satisfaction of the Street Superintendent, the deposit herein required shall be returned. If such construction or reconstruction is not completed within thirty (30) days after the service of the notice prescribed in Section 4 hereof, the Street Superintendent shall perform such work and deduct the cost thereof from the deposit made hereunder. If there shall be a balance remaining on deposit after deducting such cost, it shall be returned to the person, firm or corporation making the deposit. If the cost of such work shall exceed the amount of the deposit, the person who obtained the permit shall pay to the City the amount of the difference, which amount shall be recoverable in a civil action brought in the name of the City.

Section 6. If within ten (10) days from the receipt of the notice referred to in Section 4 hereof, such person, firm or corporation files with the Street Superintendent a request that said work be done by the City, the Street Superintendent shall cause said work to be done, and in such case, the provisions of Section 5 hereof as to deposit for and cost of such work shall apply.

Section 7. Any person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding One Hundred Dollars ($100.00), or by imprisonment in the City or County Jail for a term not exceeding thirty (30) days, or by both such fine and imprisonment.

Section 8. The City Clerk shall certify to the passage of this ordinance and shall cause the same to be published once in the Glendale Sentinel-Progress, a weekly newspaper published and circulated in said city of Glendale, and thereupon and thereafter the same shall be in full force and effect.

Adopted this 18th day of December, 1919.

TUJUNGA

Mr. and Mrs. E. D. Goode, of Calexico are guests over Christmas of their daughter, Mrs. Will Livingstone, and will be joined by their three sons and wives from Glendale for a Christmas dinner.

Chancellor Livingstone has returned from his four years' service, and will go to the Imperial valley for Christmas with his father and mother.

A number of ladies joined in preparing Christmas gifts for the old folks at the County Farm. A number of gentlemen subscribed a neat little sum to purchase pipes, tobacco and candy to be added to the gifts. These will be distributed personally to them by a deaconess of the Episcopal Church who knows them all, and is interested in the work there.

The Woman's Club sent their usual yearly Christmas donation to the P. T. A. of Los Angeles, which consisted of a large box of clothing for the small children, all of it new, and two large boxes of groceries and jams and canned fruit. The next meeting of the Woman's Club will be on Thursday, January 22, the program will be given later.

A sleight of hand entertainment was held in Bolton Hall on Monday evening by a travelling company, a fair attendance, and a fair performance was given.

Mrs. Miller and son have gone to the city for a few days, and may remain until after Christmas.

The aged mother of Mrs. Niemeyer who fell and broke her hip two months ago has been at the County Hospital, but in a very feeble condition of health and continually failing. She passed away this morning, December 24, 1919.

Mrs. Hoffman and Mrs. Rose who have been occupying the house formerly owned by Mrs. Millitz, have moved to the house owned by Mrs. Holmes on Greeley Street.

The Federation will hold a community Christmas entertainment on Wednesday evening at Bolton Hall with appropriate services. A cordial invitation is given to every one in the village to attend.

Miss Julia Culver has again returned to our midst after a year of travel to many parts of the east, as far as Boston, but is again glad to be in our midst. She has rented the E. Dening Smith house and moved in on Tuesday. Miss Wagner and mother, who have occupied the house for the past year have returned to their home in Los Angeles.

A GOOD MAN GONE

The people of Tujunga were very much shocked on Wednesday morning, December 17, on learning of the very sudden death of our beloved townsman, Mr. D. C. Dean. He was stricken with heart failure and passed away in a moment.

Mr. Dean was born of Quaker parents in Adrian, Mich., 1850, where he lived nearly all his life, moving to California and Tujunga seven years ago.

He was married October 16, 1873, to Miss Lydia May Helme of Adrian, Mich., who survives him, as well as two sons, living in California, and one daughter, Mrs. Grant Williams, of Cleveland, Ohio.

Mr. Dean in his merchandise and real estate business was well and favorably known by every one living in Tujunga. Always of a cheerful disposition, optimistic in business with an abiding faith that our little town on the foothills would ultimately become a suburb we might well be proud of, he gave his best efforts in helping to advance its interests.

With a big place in his heart for any and all who needed help or assistance his hand was ever ready to do his share. No wonder we hear on every hand, "What will Tujunga do without Mr. Dean."

Mr. Dean abided in the faith that all would be well with him in the hereafter, and with that faith he set his house here in "perfect order," leaving all his business affairs in good shape.

His family have the individed sympathy of every one in Tujunga.

CHRISTMAS DELIVERIES

Even the postoffice people in Glendale have had reason to appreciate the advantage of expansion and they are patting themselves on the back for the manner in which they have been able to handle the holiday mail. Those who were here a year go say the volume of mail this Christmas was easily fifty per cent greater than last year, yet it has been handled with such dispatch that Wednesday afternoon carriers were busy with the mail that had arrived at noon and there was no congestion or left-over stuff except Christmas postals, which had to give way to packages and two-cent mail. In explanation they said it was due to efficient methods and to having more room in which to operate, the federal government having taken two stores during the year instead of the one in which they formerly transacted the postoffice business of Glendale. The smiling man at the window who received and weighed the bulk of the Christmas packages which left Glendale by his route, like:

"Billy Fitzgibbons,
Who used to sell ribbons
And stand on his feet all the day."

he has had no chance to loaf on the job. But one sample of his efficiency has struck more than one patron—the fact that the stamps with which he swiftly decorated the packages were cancelled in advance, thus making it possible to shove out the mail to the waiting bags without a second handling.

At the express office in the P. E. station it was acknowledged that Christmas package deliveries would be about three days behind time. This, Mr. Turner said, was due to Los Angeles congestion.

Advertise it in the Evening News.

ASK any doughboy who was "over there" and he will tell you that American railroads are the best in the world.

He saw the foreign roads—in England and France, the best in Europe—and in other Continental countries—and he knows.

The part railroads have played in the development of the United States is beyond measure.

American railroads have achieved high standards of public service by far-sighted and courageous investment of capital, and by the constant striving of managers and men for rewards for work well done.

We have the best railroads in the world—we must continue to have the best.

But they must grow.

To the $20,000,000,000 now invested in our railroads, there will have to be added in the next few years, to keep pace with the nation's business, billions more for additional tracks, stations and terminals, cars and engines, electric power houses and trains, automatic signals, safety devices, the elimination of grade crossings—and for reconstruction and engineering economies that will reduce the cost of transportation.

To attract to the railroads in the future the investment funds of many thrifty citizens, the directing genius of the most capable builders and managers, and the skill and loyalty of the best workmen—in competition with other industries bidding for capital, managers and men—the railroad industry must hold out fair rewards to capital, to managers and to the men.

American railroads will continue to set world standards and adequately serve the Nation's needs if they continue to be built and operated on the American principle of rewards for work well done.

The railways of the United States are more than one third, nearly one half, of all the railways of the world. They carry a yearly traffic so much greater than that of any other country that there is really no basis for comparison. Indeed, the traffic of any two nations may be combined and still it does not approach the commerce of America borne upon American railways.

United States Senator Cummins.

ON KISSING

Speaking of kissing, I recall the experience of a certain gentleman. He was discussing with a lady friend the actions of a chap known as "Jack the Kisser." This fellow used to jump out of dark places, grab the girls, kiss them and run away. The young lady told my friend that she had no sympathy for the girls who were kissed for she did not think it possible for a man to kiss a girl against her will. My friend insisted that a girl could not help herself. Finally they agreed that the only way to decide the matter was—to decide it. So they did. After a brief struggle, my friend held the young lady securely in his arms and implanted one of those real ardent two-minute caresses which wind up all movie pictures. It was a very successful, soulful thing. Then he released the girl.

"Oh, well," she panted, "You really didn't win fair. My foot slipped—let's try it again!"

THE GROCER FAILS HERE

"What's the problem?"

"A perplexing one. Mrs. Skiddo claims she got six bad eggs in the last lot."

"Well?"

"She wants me to make 'em good."

THE HIKE

Although attended by only 34 Scouts, the hike last Saturday was a pronounced success. We left via special "Dinky" at 9 o'clock and yelled, sang and bugled our way to Montrose. Dismounting here, we hit the road for the mountains above. Arriving at the mouth of the canyon chosen for destination, the boys were treated to fresh turkey feathers, and converted themselves into would-be Indians. Mr. Aiken, the donor of the feathers, or rather the owner of the donor of the feathers—gave us a warm welcome and also gave us the gloriously welcome news that we might camp in the canyon at any time we chose, and that a swimming pool was awaiting us when the warm days of next summer begin their work. The pool was immediately inspected with a rush.

A few minutes more of hiking brought us to our destination in the canyon. Appetites could wait no longer, so the crowd "fell to." At the same time Mr. Kellogg and a few Scouts made a cursory inspection of the location and pronounced it the finest site for a camp in the county. And a swimming pool thrown in!

After lunch Mr. Kellogg desiring further geographical information to aid him in plans for camps and hikes, left the boys in charge of Assistant Scoutmaster Robison, and with three of the biggest boys struck out through the brush toward the summit of Sister Elsie. Under Robison's direction the boys took and passed several of their outdoor tests, and then joined in an afternoon of fun and games. Returning about 4:30 they missed their car, but eventually arrived safely at home, tired and hungry.

Mr. Kellogg and his three "huskies" succeeded in making the top of Sister Elsie, after a very strenuous climb. Here they were fortunate in finding a ranger who added further to the information they desired with regard to water, camp sites, etc. Incidentally two of the boys enjoyed their first experiences with snow. Starting on the return trip about 4 o'clock, they followed the government trail to Arroyo Seco. It was a long hike, most of it in darkness, but they succeeded in getting back to Montrose by 7:30 and there caught a bus for home.

It was an exceedingly strenuous hike for these four, but the information desired was obtained, and it is hoped that all Glendale Scouts will be treated a splendid three-day camp hike just as soon as the weather warms up a little.

PALESTINE AND THE JEWS

"It is a literal fact," declared a recent report of the Zionist organization of America, discussing the desire of Jews everywhere to emigrate to Palestine, "that, at the present moment, a large part of the Jewish people is possessed with an irrepressible impulse to strike its tents and march." However this may be, it certainly appears to be true that large numbers of Jews, from almost every country in the world, have already taken the first necessary measure to emigrate to Palestine as soon as the way shall be opened for them. It is indeed a world-wide movement, and the most hopeful feature about it is that the would-be emigrants are not restricted to a limited number of callings. Zionist organizations, in a number of countries, are receiving applications from men and women representing every conceivable vocation. Farmers, it is true, at present head the list, but the first 5000 applications to the American organization showed 134 occupations, including all forms of manual labor and professional and administrative callings.

Everywhere, the work of classification is being steadily carried on, and each week that passes sees additions being made to the builders, carpenters, bricklayers, joiners, locksmiths, blacksmiths, and all manner of skilled artisans, besides engineers, teachers, specialists of all kinds, and civil servants. And, as has been said, they are coming from all quarters. No better illustration of the wide dispersion of the Jewish people could well be afforded than this recent report of the Zionist organization of America. In the United Kingdom, the United States, Russia, Poland, West Galicia, Czecho-Slovakia, Holland, Germany, Morocco, Algiers, to mention only a few countries, almost at random, the Jews are making earnest preparations to take advantage of their regained heritage. Some 500 farmers in Chile, Nicaragua, Venezuela, Mexico, and Brazil are represented in the groups that are preparing to emigrate.

In these circumstances, the report recently brought from Palestine by Dr. Solomon Lowenstein, head of the Hebrew Orphan Asylum, is particularly interesting. Dr. Lowenstein does not allow himself to be betrayed into any undue expatiation as to the prospects before the country. Whatever is going to be achieved in Palestine is going to be achieved by earnest, faithful work. The land offers, he declares, no temptation for exploitation by foreign capitalists "eager to wrest great fortunes from undeveloped countries." Palestine, he insists, is indeed a land of great possibilities, but it is so essentially for "an industrious, thrifty folk, not desirous of large financial returns, but satisfied with moderate results and peaceful security of life."

Nothing, of course, can alter the natural fertility of Palestine. It is still, today, as it was 3000 years ago, a land capable, at any rate, of being made to flow with milk and honey. Hundreds of years, however, of Turkish rule have brought about the revision of whole stretches of country to their original desert state. As Dr. Lowenstein reports, terraces carefully built up along the hillsides in ancient days, so that every available spot might be utilized for cultivation, have been ruined; irrigation works of great antiquity have been destroyed; whilst so utterly without any progress have been the centuries that, today, the fields are plowed and the crops are sown and harvested in the same primitive fashion that obtained in Bible times.

Already, however, the little outpost, Jewish colonies which exist, organized on modern lines, are showing to what account the land can be turned. Increasing crops of oranges and lemons, of grapes and olives, of almonds and walnuts, and of many fruits and vegetables are to be seen on all hands; whilst simple but comfortable houses, schools and synagogues, spring up wherever a colony plants itself. And this is only the beginning of things. Once the Palestine question is settled so far as to render possible an actual movement toward realizing Mr. Balfour's message to Lord Rothschild, two years ago, favoring a national home for the Jews in Palestine, the world is likely to see some wonderful changes in a country which holds a unique place in the history of the human race.—C. S. Monitor.

CHRISTMAS CAROLS

Eighteen members of Central church, mostly of the choir, toured the city in autos Christmas morning from 4:45 to 6:30, singing Christmas carols in front of the homes of many of the members, especially the shut-ins. They made 25 stops in all.

MISS GRIFFITH ENTERTAINS

Miss Coral Griffith was hostess at a very delightful Christmas celebration at the Griffith home at 1321 Valley View Road. A turkey dinner with all the appropriate accessories was served at midday, illuminated by the light of a small decorated tree with which the table was centered and another tree in the same room. The Christmas colors dominated the decorations, the candles and electric lights having red shades, and the place cards bearing Christmas greetings. Covers were laid for Mr. and Mrs. J. C. Danford, Mr. and Mrs. Charles D. Shattuck, Miss Leone Shattuck, Emil O. Kiefer, G. W. Calkins, F. S. Griffith and the hostess. In the evening the party was joined by Misses Laura Roberts and Ida Potter and Messrs. Frank Kiefer and Jesse Flower, and a pleasant social evening of vocal and instrumental music, dancing and card playing was enjoyed.

CHRISTMAS AT WILLISFORD HOME

Dr. and Mrs. F. H. Willisford entertained with a midday Christmas dinner for which a pretty setting of holly, poinsettias and other decorations in the Christmas colors was provided, including the Christmas tree, the lighting of which is always the Christmas morning event in the Willisford home. At the dinner covers were laid for Mr. and Mrs. T. F. Colson, Harvey T. Powers, Mrs. Martha J. Miner, Mrs. Anna Williams, Miss Helen Porter, Robert Colts, the host and hostess and their daughters, Carol and Joy Willisford.

Wallace Cramer, who works in the Taft oil fields, was home to spend the Christmas holidays.

Personals

Miss Sadie Yarnell of Myrtle Street was the guest of her brother, Charles H Yarnell of Los Angeles, Christmas Day.

Bruce Alexander came down from Corona to spend Christmas with his brother, W. R. Alexander and family, on South Maryland Avenue. He will be here for about a week.

Justin Haddock recently bought the two-room house and lot at 516 Vine Street of H. H. Cox. He built another room on and improved the old part. Before the work on it was completed, he sold at for $1400.

R. R. Lynn and wife and son Leslie and Frank Merkle and wife, all of Long Beach, motored to Glendale Christmas Day in their new Oakland for a brief visit with Mrs. Lynn's brother, O. L. Kelborn.

Glendale is not only a city of homes but also a city of business. During the past few days local business concerns have been open before and after the usual hours because of the great volume of transactions, which could not be taken care of during the business hours.

H. E. Noble of 327 North Jackson is sporting a very fancy new top on his auto for the convenience of his women folks these chilly days. It has plate glass sides and can be changed very quickly from closed to open style and vice versa.

Mr. and Mrs. J. W. M. Burton of Montrose were guests of Mr. and Mrs. Baldridge of La Crescenta at a big Christmas dinner served at the Fairmont Hotel at La Crescenta, at which covers were laid for fifteen. Following the dinner the party returned to the Baldridge home, where a supper was served and a pleasant social evening was enjoyed.

W. R. Jarrett, who recently sold his home at 359 West Elk Avenue, will move to his four-acre ranch in the Yucaipa Valley, adjoining the little town of Yucaipa. He will engage in the plumbing business there and devote his spare moments to improving his ranch. He will set out apple trees on most of the land.

Thomas E. Steele of Visalia is spending the holidays with his mother and sister at 318 Myrtle Street. He reports a building boom in his town and vicinity. The reorganization of the Board of Trade has provided facilities for further extension work. Mr. Steele is an enthusiastic member of the Visalia band.

Charles H. Darling and wife, who recently returned to Glendale from the old home in Moline, Ill., where they had been for the past three years, are making many improvements to their home at 530 Oak Street, which was recently vacated by Mrs. Margaret Longley. This is the Darling's third sojourn in Glendale and they expect to stay this time.

J. W. Pearson, the real estate operator, has not allowed his Christmas shopping to interfere with business. The day before Christmas he celebrated by selling a house and lot at 445 West California for the Commonwealth Home Builders' Association to Edwin W. Cooper, who has come to Glendale from Vermont and proposes to make his permanent home here.

The vehicle and pedestrian traffic has increased to such an extent that an officer will soon be needed to regulate the flow of traffic at Broadway and Brand Boulevard. On Brand from Colorado Street to California Street during the day space can scarcely be found to park the machines. Both sides of the street have been packed solidly with machines between 9 and 5 o'clock at intervals on many days.

R. D. Goss of 516 East Harvard Street, who fell from the roof a neighbor's house which he was repairing about a week ago, is still confined to his bed by a broken rib. The doctors say he is getting along as well as could be expected and that it is simply a case of being patient and letting nature do her perfect work. According to the friends who have visited him, Mr. Goss is taking the mishap very patiently.

Mr. M. M. Johnson of 381 West Salem Street is having a six-room bungalow built on Doran Street between Columbus and Central Avenue. The house is being built of tile and cement. A tile garage is already erected, which is sufficiently large for two machines. A large cellar of cement has just been finished. The construction of the house will begin late this week and is expected to be finished in about forty days. Several workmen are busy doing the building.

Mr. and Mrs. I. J. Phillips and daughter, Catherine Phillips, former residents of Glendale, were in the city Tuesday calling on old friends. Miss Phillips has been teaching out in the desert beyond Victorville at El Mirage, and of course has Christmas holidays. She and her parents are at 1033 Cole Avenue, Hollywood, and her sister, Mrs. Ritchie of Denver, is also here on a visit. Their many friends here were very glad to renew acquaintance.

Mr. Charles Durkins of 1244 Valley View is moving to Long Beach Monday.

Mr. E. E. Denslow of 311 North Belmont will move into his new home at 1016 North Central Avenue December 31.

Miss Genevieve Gannaway of Spokane, Wash., who has been visiting at the home of her uncle, Mr. Ed. M. Lee, leaves for her home tonight.

Mr. Fambrough of Elk Avenue and Central is having his house and garage repainted. Two coats of white paint are being applied.

Mr. Teasley of 5036 Lincoln Avenue, Highland Park, has decided to make his home in Glendale, and is planning to move to this city.

Clifford Van Osdoll of 612 East Elk Avenue, who had been with his brother in Exeter for a few months, returned home the first of the week and will not return if he can obtain work here.

Mr. Walter F. Thistlewhite of 122 South Louise Street, Mr. and Mrs. Watters and their two daughters, Alice and Ruth, spent Christmas day at the home of Mr. and Mrs. A. C. Johnson of Pasadena.

George D. Carter and wife of McFarland are here for a brief visit with H. E. Noble and family, 327 North Jackson. They were neighbors back in Alva, Okla., for many years.

Mr. Vincent Salmacia and his wife enjoyed an appetizing Christmas dinner at the home of Mr. Fred Salmacia at 361 West California Street. Miss Marie Kill of Los Angeles was also a guest.

Mr. and Mrs. J. F. Ollinger of Salina, Kansas, arrived Tuesday night to spend several weeks with Mrs. Richards of 343 West Salem Street. Mrs. Richards and Mrs. Ollinger are sisters.

Charles W. Kent and son are remodelling for Joseph Engert his building at 114 North Brand, recently vacated by Klein's Shoe Hospital. It will be occupied about January 1 by a new Tea Room.

Jason Killgore was home for a few hours on Christmas Day to visit his father at 507 Vine Street and his brother, Russell, on Arden Avenue. He is a wireless operator on a ship plying between Los Angeles and Seattle.

At the home of Dr. and Mrs. R. V. Hogue the usual family Christmas dinner and party took place, the guest list including Mr. and Mrs. Linkogel and family, Mr. and Mrs. Tuck, the dinner being followed by a musical and social afternoon.

C. C. Cooper, his wife and daughter, Emma Louise, visited Mr. J. C. Gurney of 1156 West Forty-eighth Street, Los Angeles, yesterday. Guerney entertained a host of friends, and gave a Christmas dinner for them.

Mr. W. H. Robinson, of the Robinson Brothers Transfer Company, has purchased the home of Mrs. C. H. Woolsey located at 324 West Milford. The house has seven rooms. Mr. Barstow, a local real estate agent, sold the house for $4750. The deal was made about a week ago.

H. L. Miller, a local real estate dealer, enjoyed a big Christmas dinner with his brothers. The dinner was given at the home of T. M. Miller in Alhambra. Ed. Miller and Angus Miller of Long Beach, Hal Rice, the son-in-law of H. L. Miller, and Mrs. Hal Rice were the guests.

The many friends of Mr. and Mrs. A. W. Dickinson of 220 North Central Avenue are today regretting very much that they and their children, Harriet and Marshall, are departing for San Francisco Sunday night. Mr. Dickinson is leaving to take a position in the north, and is not expecting to return for some time.

Mr. Homer D. Lockwood of 104 South Brand Boulevard is having a seven-room bungalow built for him at 219 West Lomita by Mr. J. J. Burke of 1242 South Maryland, a local contractor. The house will be finished during the first week in January. One of the many attractive features of this house is the breakfast booth with a stationary table and built-in seats.

Mrs. Ella Richardson was a fortunate mother in having all her children with her on Christmas Day her Christmas party including her four sons, Will, Burt, Paul and John, her daughter and son-in-law, Mr. and Mrs. Shives Mitchell, and her grandchild, Billy Mitchell. They spent a delightful holiday together. Mrs. Richardson expects soon to be in her new home.

Mr. and Mrs. C. D. Lusby of 404 North Jackson Street entertained relatives and friends with a Christmas dinner at which covers were laid for their son and daughter-in-law, Dr. and Mrs. C. R. POSTOFFICE DOINGS

Chief Clerk Hallett of the Glendale postoffice reports that fully 50 per cent more letters and packages were sent out this year than ever before during a Christmas season. Asked about the business in international money orders he said that hardly any were being sent to European countries but that a great many, for considerable amounts, are being sent to Japan by local residents of that nationality, showing that these people, the majority of them, are glad to make their money in America but send it back to the homeland to be used.

Miss Winifred Jones, daughter of Mattison B. Jones, is visiting her parents during the holidays, after which she will return to Redlands, where she is a student.

Mr. and Mrs. Thomas Meagher of West Garfield Avenue entertained relatives and friends from Los Angeles at a dinner party on Christmas Day. Covers were laid for twelve.

RED TRIANGLE CLUB

FIRST CABINET CONFERENCE IS HELD IN SAN GABRIEL CANYON

Five miles up the San Gabriel canyon at the Red Triangle Cabin representative boys from all over Los Angeles county met for a conference, probably the first meeting of its kind ever held in the United States—the boys' cabinet conference of the Red Triangle clubs of Los Angeles county Y. M. C. A. As the work is hardly organized in the Glendale district as yet, seven boys were chosen as delegates, five from Glendale, namely, Paul Edmonds, Eugene Hog, Robert Burns, Clarence Hall and Laufman Jeter, also two from Burbank. They were taken in autos up the canyon Monday morning.

The first morning was taken up with checking in arrivals, unpacking the packs, building the camp fires, for each boy cooked his own grub over his own camp fire and they did it well, too; that mountain air sure makes husky appetities.

Right after dinner the conference was called to order under the leadership of Mr. Anderson, the county secretary, assisted by Secretaries McDonald of Azusa and Williamson of this district. After the first session the boys were then taken off on a hike up the trail to the summit of the mountain to see the wonderful view from that point. Then after supper they all gathered around the big fireplace for the evening session.

An hour was given for stunts, which sure was enjoyed by every boy present; you would have thought so if you could have heard the shouts of laughter.

The fun over the youngsters all settled down for a more serious part of the program. Mr. Anderson gave the boys a wonderfully inspiritational talk on "Some Things That Grammar School Boys Do That Are Harmful to Themselves." After listening most attentively the boys then entered the discussion and surely a lot of boys will remember that evening and will go back home not only to win out in their own lives but to help their fellows to win out spiritually, mentally and physically.

The next forenoon after breakfast the Conference assembled for more work and discussion on the organization and operation of Triangle Clubs, after which the boys played games and had the forenoon for a good time. A lot of the boys pitched in and worked manfully to help the men sort lumber and cut brush for the sites for the new bunk houses under construction. Dinner over the boys all assembled to have their picture taken, and then broke camp, loaded their packs on the cars and hiked down the mountain road to the mouth of the canyon.

The time was all too short, the two big days came to an end all too soon, for every boy had a glorious time. Certainly the time taken was well spent and these boys were surely helped not only because they had a good time in the mountains, but from a higher standpoint, their associations and instruction they receive on these conferences are aimed to build Christian character in boys. This is the aim of the county Y. M. C. A. work, and we only measure our success in the measure that we accomplish this one thing.

"THE CAMPFIRE"

SCOUTMASTER GIVES CHRISTMAS PARTY FOR BOYS OF TROOP TWO

Last Monday evening Dr. Farwell, popular Scoutmaster of Troop 2, entertained the boys of his troop with an informal Christmas party at the Farwell home, 1335 East Harvard.

The house was appropriately decorated in Christmas colors, while a Christmas tree, artistically trimmed with tinsel and ornaments, stood in the dining room.

At 7:30, all the boys having arrived, the fun began. Placed around the walls were magazine advertisements with the names of the products missing. The boys then guessed the names of the products from the pictures and slogans, Bill Walker guessing correctly sixteen out of a possible eighteen ads, winning first prize.

Dr. Farwell then told the boys that he had hidden animal crackers around the room and that they would have five minutes to find them. Immediately the hunt began, and at the close of five minutes Jim Gonzales having found twelve crackers, won the rubber nickel.

The boys then adjourned out of doors, where games and races took place, Willard Roberts and Bob Frazee winning first honors.

After the races refreshments consisting of lemonade, cake and Christmas candy were served, and according to the boys "they sure were great."

Shortly after 10 o'clock the boys departed, agreeing that Dr. Farwell's party was a huge success.

TROOP EDITORS

The above news item was contributed by Scout Reporter Francis W. Read of Troop 2. This is the only communication turned in by any troop this week. What is the matter? Are the rest of you all dead? Wake up, Scouts! Get busy at your next meeting and see to it that a troop reporter is elected and that he gets busy. We want news from each troop every week.

TESTS

The number of tests passed this week is more than double the number passed last week. That is a step in the right direction, Scouts. Keep up the good work, and make this week still bigger.

A Happy New Year

On the threshold of another New Year we want to pause to thank our friends and patrons for the very liberal business accorded us during the past year. As one and all you soon turn the corner into the New Year, look back a minute over the road you have been traveling the past year. Have you saved anything for the "rainy day" that never fails to come? Have you been true to yourself and your family? If not, once more before you step out into the pure New Year call at our bank and make a deposit, if only of one dollar and in twelve more short months take another retrospective glance and see how much pleased you will be with yourself and with the way your dollars have multiplied from the one little seed you planted in our bank, January 1, 1920. We wish every young man in the community would start a bank account with the New Year. It would not mean much to us but it would mean lots to them. How many will make the experiment? This is our advice and like salvation, it's free. Try it. While the feeling of good fellowship is in the air and good resolutions are being made for the New Year, would it not be a good idea to resolve that you will save more money during the coming year than during the past one; then come in and open an account with us and then watch it grow.

LOCAL PROSPERITY

Glendale is growing financially as fast as it is in any other way. The prosperity and progress of a community is often judged by the increase in banking. This morning the local banks issued statements of their condition last Monday, December 22. The total amount handled by these banks on December 22, 1919, was $1,652,107.94, a gain of $608,065.10 over last year's clearings for December 23, which was $1,044,042.84.

If the banking activities of Glendale increase more than a half million dollars for one day in one year, certainly Glendale is enjoying prosperity.
